

## Product Information

Ultrasonic tube resonators ECO®

- Tube Resonators
- Accessories

Ultrasonic

# Product Information

## Tube Resonators

### Advantages

- Very intensive and homogeneous sound field due to 360° radiation
- Low weight and volume allows mounting in confined spaces
- Possible to mount in pressure and vacuum tanks
- No dirt deposit onto the radiation surface
- Ideal retrofit for existing tanks
- Multiple application thanks to different mounting lengths
- Low power consumption due to high coefficient of efficiency (>92 %)

### Technical Data

- Type: RS-25-48
- Frequency: 20, 25, 40 kHz
- incl. 1m HF-cable with plastic tube and gasket (O-Ring) or 4m HF-silicone cable (with 2m stainless steel braided protection tube)
- Fixing thread: G 1
- Protection code with plug: IP67

# Product Information

## Fastening strap

Fastening strap for cabinet or wall mounting of the ultrasonic generators.

Order number: 701 020 200

## Service plug

Service plug with RS-232 connection for PC / Laptop (control interface monitoring)

Order number: 930 100 000

## Service plug

Service plug with diagnosis LED (control interface monitoring)

Order number: 930 101 000

## HF extension cable

3 m Order number: 514 210 031

6 m Order number: 514 210 060

10 m Order number: 514 210 101
